

At the Ocean International Hotel we have always maintained strict hygiene and cleaning practices. It is part of our routine for the safety of our customers and staff.

The Hotel's accommodation will remain open on limited trading as per Government guidelines for essential services workers or for one of the other permitted reasons.

Galleons Restaurant is serving Take Away Meals only to the public and room service only for inhouse guests, as per Covid 19 Health Guidelines.

Currently, we are taking additional health precautions and have put in place extra cleaning and disinfecting of all areas and surfaces which customers, visitors and staff come in to contact with.

We are following the governments strict rules on compliance of 'people numbers' and 'physical distancing'.

Also, we are monitoring cases of COVID-19 in Mackay in the event we need to take further action.

If you feel unwell, please make contact via phone, e-mail or Facebook messenger, we ask you to please not enter our premises for the safety of our staff and guests.

Please Take Care and Stay Safe.
